## DRASTIC DRY BILL PASSED BY HOUSE

### THIRD BATTLE OF BULL RUN WET FORCES ARE STAMPEDED

La Guardia's Pet Bill To Legalize 2.75 Beer Also is Lost In the Avalanche of Dry Votes—The New Bill Legally Sanctions Reorganization of Prohibition Unit, Effected Last August By Secretary Mellon, and Besides the Prohibition Unit Would Establish a Bureau of Customs.

while the drys held the prohibition law to be paramount, they were willing to "smother" the prohibition director in a commissioner's office in the treasury.

"Wherever you put it, it will be under the Anti-Saloon League," he added, "my state will never submit to the kind of prohibition you want. We are going to win our fight for temperance. We are going to win that fight—the rebellion of the people is against this law."

### PERSONALS

Milford Wolf was a business visitor in Columbus today.

Mr. and Mrs. R. S. Dresbach and children; Martha Eloise and Dorothy Ann, and Mrs. Pearl Brown went to Columbus today to visit Mr. and Mrs. Arthur Burget.

Miss Florence Wilson and Mrs. Simon David, of Jackson, were guests of the latter's mother, Mrs. Germain Joseph, Tuesday. They spent the day in Columbus.

Miss Edith Haswell, accompanied by her niece, Mary May Haswell, have returned home from Birmingham, Michigan, where they were the guests of Rev. and Mrs. Floyd E. Logee and family.

### GRANTED DIVORCE.

Mrs. Sarah Alkire was given a divorce from Glenn Alkire in the Madison county common pleas court Tuesday by Judge Hornbeck on the grounds of gross neglect. Judge John R. Tanner represented the plaintiff and Barton Walters the defendant.

### To Make Study of Greek Peasants in Chicago

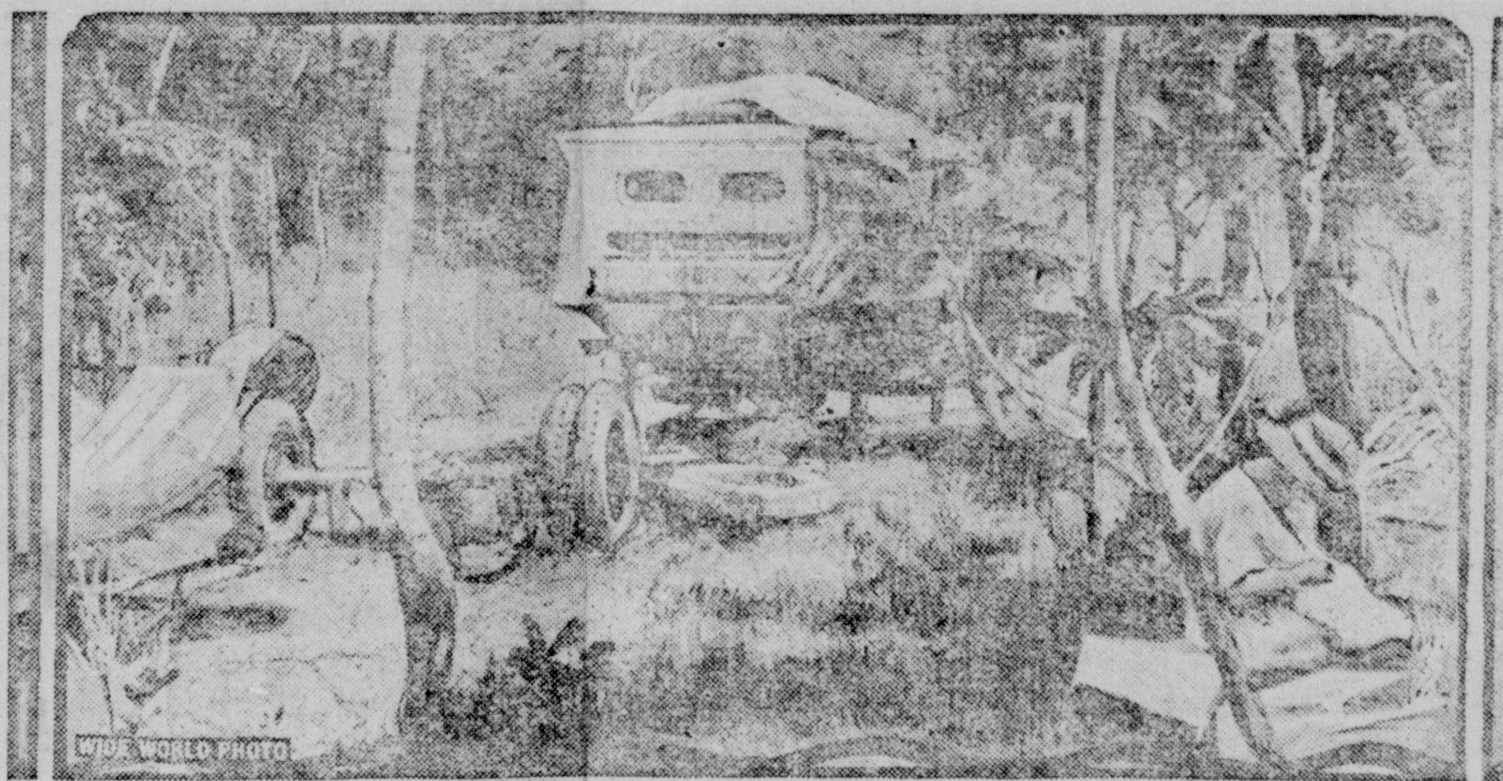

Prof. Fay-Cooper Cole, head of the anthropology department of the University of Chicago, is to make an extensive study of the Greek peasant in Chicago.

### Red Flag Ousts Union Jack in London Borough

London.—Bermondsey, a London borough, largely inhabited by working people, has decided to fly the Red flag over its town hall instead of the Union Jack, thus following the example of its sister borough, Battersea. The town councillors, most of whom belong to the Labor party, have decided that the new Red flag will show the arms of the borough in the upper left-hand quarter.

J. A. W. Douglas, secretary of the council, said no disrespect was intended toward the Union Jack. There is a growing tendency for boroughs to fly their own flags, and as the old Union Jack was worn out, Bermondsey decided to buy a new Red flag.

### French Woman Traverses Africa in Motor Truck

Louise Delingette, a Frenchwoman, accompanied by her husband, has just completed a successful automobile trip across Africa. Using a six-wheeled motor truck, especially built for exploration in a roadless country, it took eight months to complete the long series of marches from the Mediterranean to the cape. In all a distance of 23,000 kilometers was covered—six times the distance from New York to San Francisco. The picture shows the expedition in one of its camps.

### MOST WORTHY INSTITUTION IS HOSPITAL

Judge Brown Makes Forceful Address Before the Chamber of Commerce.

An address on the Home and Hospital was made by Judge E. A. Brown before the chamber of commerce Tuesday evening, in which he made a plea for more liberal donations to this worthy institution.

He said in part: The Home and Hospital was founded in 1894 as a home for aged people and is non-sectarian.

The officers of the institution are: President, Mrs. J. R. Noecker; vice president, Mrs. John S. Neff; secretary, Miss Sadie Brunner; treasurer, Mrs. Ida L. Rife.

Trustees, S. W. Dunlap, Rev. O. L. Ferguson and Ida L. Rife.

Managing board, Mrs. J. R. Noecker, Mrs. J. S. Neff, Miss Sadie Brunner, Mrs. Ida L. Rife, Mr. and Mrs. S. W. Dunlap, Mrs. M. H. Lowe, Mrs. Will Marion, Mrs. Charles Nauman, Mrs. Charles W. Imbler, Mrs. E. S. Neuding, Mrs. Noah Weaver, Miss Florence Hoffman, Rev. O. L. Ferguson, and Mr. and Mrs. Harry Heffner.

At present there are fourteen inmates, two of whom are blind. The institution has four employees and money paid out for salaries \$1,644. The home is not run for profit and if it were not for liberal donations on the part of citizens, it would have to close its doors. In 1923 the receipts were \$2,498.24; expenditures \$3,665.41 in 1924 the receipts were \$2,957.92; expenditures \$2,164.31; in 1925 the receipts were \$2,591.94; expenditures including installing of a new furnace \$4,457.37.

Pickaway county patients are charged \$575 to enter, outside of the county, \$675. Patients are taken from any community, city or state.

Each church in the city has furnished rooms in the institution and so both have the Rotary club and American Legion. The water, phone and ice used at the home have been furnished free by the utility companies. All board members donate time and labor without remuneration.

The physicians donate some of the services. The patients who are able pay \$10 a week. The place is a permanent home for the aged and there is no limit. The home is used as an emergency hospital and is frequently called upon to take care of people who have met with accidents both on the highways and railroads.

Some of the patients have been in the hospital twenty years.

Among the largest donors are the W. C. T. U. and the churches. Donations have been made to the home by the following named persons who stipulated that only the interest shall be used for the maintenance of the home: Mrs. Dorothy Turney, \$1,000; Harless Renick \$1,500 and W. E. Renick \$3,000. The following bequests were made to the home: Mrs. Thomas Blackstone, \$300; Samuel Goodman \$1,000; Caddy Miller, \$1,000; Mrs. Elizabeth Sturgeon, \$200; Miss Caroline Bell, \$500; Mrs. Rose Morris \$500 and Mrs. Joseph Haines, \$2,500.

During the life of Mr. and Mrs. Henry R. Heffner, the institution received their sole attention and it was thru the interest they took, that the Home is open today. Both Mr. and Mrs. Samuel W. Dunlap have been angels to the old folks' home. They have given not only their time, but have given money liberally to the institution.

### Courtesy Indeed

Suzanne, two years old, had been away from her mother Josephine for a few hours. On returning she extended her tiny hand and inquired:

"How is Mother Jo?"

And then, after a moment's thought, and with a twinkle in her eyes:

"And how's your husband?"—Exchange.

### HIGHER COURT SUSTAINS THE COMMISSION

Logan Gas Company Cannot Ask Second Increase While First One is Pending.

Columbus, O., April 28, (UP)—The state supreme court has sustained the action of the public utilities commission in suspending the second proposed rate increase of the Logan Gas company. The increase would effect 77 towns and villages.

The court's decree made public today instead of an May 4, as scheduled held the gas company's only recourse is a writ of error which automatically would bring the case into the supreme court for hearing.

The commission suspended the proposed rate schedule several weeks ago basing its action on the contention that the schedule was invalid inasmuch as the company's application for a prior increase had neither been approved nor rejected.

The company had demanded a writ of mandamus to compel the commission to reinstate the schedule.

It was not known today whether the company will attempt to re-establish the case, as suggested by the supreme court.

## PORTLAND

**Cement Association Moves To Its New Home.**

The general offices of the Portland Cement Association, which for the past ten years have been in the Conway Building, 111 West Washington street, Chicago, have been moved to the Association's new building, Grand Avenue and Dearborn street, otherwise known as 33 West Grand Avenue. The entire building is occupied by the Portland Cement association and its research laboratory. For the past ten years the laboratory has been located in the Lewis Institute, Madison and Robey streets, and heretofore conducted co-operatively by the Institute and the Association.

The architects, Holabird & Roche, have produced a handsome five-story and two-basement building, resting on thirty concrete caissons carried down to firm bearing. This structure is regarded by engineers, architects and builders as representing the highest type of fire resistive construction and also as a worthy addition to the rapidly growing list of structures which typify the architectural possibilities of concrete.

The Turner Construction Co., of Chicago and New York, which was awarded the contract for this building, began excavation in August. The greater portion of the work was carried on during cold weather. The usual precautions of heating aggregates and protecting concrete from freezing were followed. Floor by floor, the building was enclosed with tarpaulins and heated with salamanders. As a matter of fact, winter temperatures were in no sense a handicap to the orderly and scheduled progress of the work.

## LOGAN GAS CO.

**Hearing For Increased Rates Set For May 4th.**

Columbus, April 26.—(UP.)—The Logan Gas Company's fight for increased rates in 77 towns and villages, will be resumed before the State Supreme Court on May 4, it was announced today.

On that date the court will be called upon to rule on the legality of the public utilities commission's action in permanently suspending one of the two new rate schedules filed by the company.

The commission's action was based on the contention that the second increase is invalid, inasmuch as the first increase has neither been approved nor rejected by the commission.

The gas company contends both increases should be allowed, basing its plea on the ground that it is entitled to a reasonable return on its investment.

The state's fight will be prosecuted by City Solicitor Grant E. Mouser, of Marion, in conjunction with solicitors of other cities and towns effected and with state's attorneys.

The court's decision probably will be withheld for some weeks, it was said.

### The Goat

A schoolboy's essay: "A goat is about as big as a sheep if the sheep is big enough. A female goat is called a buttress, a little goat is called a goatee. Goats are very useful for eating up things. A goat will eat up more things than any animal that ain't a goat. My father had a goat once. My father is an awful good man. Everything he says is so, even if it ain't so. That is all I know about the goats."

### Encouraged Denunciation

The Black Hole of France was the name given to a receptacle provided in the rear of the building in which the tribunal of the revolution sat. Any person could drop into a slot an anonymous accusation against another, which usually led to arrest and death. Trial in many cases was a farce.

## STOCK MARKET

New York, April 26.—(UP.)—The new week developed an irregular market with profit taking of considerable proportions in the industrials which advanced sharply during last week's rally while on the other hand the rails and utilities were in demand.

The result was a two sided affair with stocks like General Motors, Hudson, General Electric giving considerable ground. American Can, on the contrary, showed some rallying power. Rails, as a class, did better, particularly the high grade issues as well as some of those with margin possibilities. Utilities showed advancing tendencies.

## Economy in Headwear— STETSON HATS

CONSIDERED from the standpoint of the length of time you wear it, a Stetson is the cheapest hat you can buy. The smart style is an added attraction that costs you nothing, but it's a big factor in hat-satisfaction—an unbecoming style looks better on the shelf.

Our Stetson styles for this season will not stay here very long,—they will go out quickly on the heads of satisfied wearers.

## CADDY MILLER'S HAT SHOP

What will you have to show in future years for today's shopping dollars?

A JEWELRY PURCHASE IS AN INVESTMENT IN PERMANENT VALUES

THE old copy-books of our school days declared that you can't eat your cake and have it.

Which is another way of saying that you can't spend your money, and keep it too!

But the copy-book editors overlooked the money spent at the jewelry store.

On the typical purchase from the jeweler, you draw an income of pleasure and satisfaction, year after year, while still retaining much of

the principal, in easily convertible value.

For the shopping dollars entrusted to the jeweler are not spent, but invested, in a permanent addition to your estate.

Value-wise shoppers today think twice before they barter their purses for short-lived baubles. For they know that even for the modest pocket book the jeweler's stock is rich in articles, both of utility and adornment, that will last through a lifetime.

Building up a line of jewelry means building up a heritage for the decades; quick asset possessions that are a tangible and enduring evidence of one's success and achievement.

FLOOD IN HUDSON

River Valley Is Doing Great Damage.

Albany, N. Y., April 26.—(UP.)—Flooded by melting snows in the Adirondacks, the upper Hudson today was overflowing its banks and flooding basements and storehouses along the river front in this city and Troy.

At noon Quay street, which parallels the river here and is one block distant from the bank was 19 inches under water and warning was issued by the weather bureau that the river would rise steadily this afternoon.

It was believed that the crest of the flood will be reached here this evening.

At Dannemora, the Delaware & Hudson tracks were washed out by the Saranac river, which rose to its highest level in 38 years over the week-end.

## Vitamin

A fifth vitamin has just been discovered, but it is announced, since the diet of the human includes a large proportion of the foods that contain it, the discovery has little bearing on the eating habits of people. The average person, however, can welcome vitamin E with the same enthusiasm that he received A, B, C and D.

## Cannot Be Transplanted

Ruchu, an African drug plant, is one of the few plants which have thus far failed to survive transplantation to America. The drug must still be procured from its native country, where it is carried to market by bullock carts.

Come hear the new organ tonight at the First Methodist church. Tickets 50 cents.

## Had to Control Appetite

Eating between meals was once considered a crime at Harvard university. Students whose appetites were not satisfied with three square meals a day 275 years ago subjected themselves to fines. This fact was disclosed recently when an old set of college regulations was unearthed in the library of that institution.

Two fine artists at the Methodist church Wednesday evening 28, in organ recital, S. Dwight Smith, of Pittsburg, Pennsylvania and Mrs. Maxwell Chillicothe, Ohio. Tickets 50c. 26april3.

## Wisdom's Thorny Path

There is no short cut, no patent tramway to wisdom. After all the centuries of invention the soul's path lies through the thorny wilderness which must still be trodden in solitude, with bleeding feet and sobs for help as it was trodden by them of old time.—George Elliot.

### TIME TO CLEAN HOUSE.

How much better we feel when house cleaning is over, rugs cleaned, windows washed, etc. It adds life to everything. Just so grinding the valves and cleaning the carbon in your Ford car adds life and pep to its motor. Cleans out the dirt accumulated during the winter months—and what a difference it makes. Our service department can do this for you at a small cost.

## Boozsop's Fables

There was once a beautiful maiden who tended an apple cart in the streets of New York. It so happened that one day, in passing, a fine gentleman, seeing the beauty of maid and apples, stopped to inquire the price.

"You may send a basket to my apartment," he said, "provided, of course, that you know they are good, and that you deliver them yourself." Did he get the basket?

No. She knew her apples.—Boston Herald.

AMUSEMENTS

"Mike" a Metro-Goldwyn-Mayer picture directed by Marshall Neilan, which will be shown at the Met theater on Wednesday for three days, is described as one of the best and most amusing pictures that director has yet turned out in a long career of notable successes. This seems reasonable to assume as the story itself is Neilan's own.

Metro-Goldwyn-Mayer has given this talented director another outstanding cast. Sally O'Neill, a wonderful newcomer; Charlie Murray, Ford Sterling, Muriel Francis Dana, Frankie Darro, Junior Coghlan, William Haines, Sam de Grasse, Ned Sparks and other well known players appear in the picture. Miss O'Neill, who plays the title role, makes her screen debut in "Mike." She is Neilan's latest discovery and he states that she will develop into a star in a surprisingly short time.

"Mike" is pure entertainment. It abounds in comedy—of the sort that Neilan is noted for. It has a charming love story and there are many moments of intense excitement culminating in breath-taking thrills. But its chief quality is its humor, which runs from subtle wit to broad comedy.

The story deals with the life of the family of a section boss whose division is that part of a transcontinental railroad that crosses the desert. The home of the group is an ingeniously appointed box car.

SOCIAL CALENDAR

Lorain William Dern, of Columbus and Miss Bertha Pauline Weidinger, of Jackson township, daughter of Mr. and Mrs. Charles Weidinger were quietly married at the Evangelical parsonage at 10 o'clock Wednesday morning. The double ring ceremony was performed by Rev. E. A. Tovey. Mr. and Mrs. Fred Weidinger were the only witnesses.

The juniors of Muhlenberg township high school gave the seniors a banquet at the home of Miss Violet Ginder April 22. The evening was spent in games and contest, two prizes being won by Maxwell Alexander, the principal of the schools and the other was awarded to Arthur Beatty. Fruit salad, sandwiches, pickles, brick ice cream, cake, coffee and mints were served to the following: Mary Clarie, Sarah Trump, Wilma List, Frank Clendenen, Glenn Rowe, Millard Siniff, Harold Clifton, Loring Hill, Harry Carpenter, Arthur Beatty, Lois Beatty, Doris Hott, Bernadine McPherson, Sheldon Pitt, Mr. and Mrs. D. W. Macklin, Mr. Alexander and

Miss Esther Bishop, Violet Ginder, Dr. and Mrs. F. E. Ginder. Toasts were made by Mr. Macklin, Mary Clark, Dr. Ginder, Mr. Alexander and Miss Bishop. The home was decorated in the senior class colors, old rose and silver.

In the "Good Old Days"

In the days of female prize fights, an English woman was reported to have flogged her Jewish opponent 70 times, and after an hour and twenty minutes of fighting was declared the conqueror.

Heroic

The Critic (loftily)—Yes, I'm going to do something big for the theater and dramatic art.

The Actor—Don't tell me you are going to stop writing play reviews.—Penn. Punch Bowl.

Might Learn

Harold—I have a pup at home that knows as much as I do!

Clarence—Well, don't worry about him. If he's just a pup he has plenty of time yet.

Had the Right Idea

When I die, I should be ashamed to build me a monument if there were a wanting friend above ground. I would enjoy the pleasure of what I give by giving it alive and seeing another enjoy it.—Pope.

**BRITISH HERO OF WORLD WAR**

Will Be Guest of Honor of The American Legion.

Toledo, April 27.—Arrangements for the reception of Lieutenant Colonel George R. Crosfield, British hero of the World war and now as president of Fidae the representative of 10,000,000 World war veterans in the nine principal Allied countries, upon his visit to Toledo on May 9 were announced here today by Paul Chapman, chairman of The American Legion committee on arrangements for the visit.

Colonel Crosfield's visit to Toledo occurs in connection with a tour which he is making to a number of the larger cities in the eastern and middle western sections of the United States. He is coming to the United States as the official guest of The American Legion, American member of Fidae, on invitation of National Commander John R. McQuigg.

Colonel Crosfield's party will land at New York on April 30, Mr. Chapman said. Following a round of entertainment in New York City, including a pilgrimage to the grave of former President Theodore Roosevelt and a visit to the United States Military Academy at West Point, Colonel Crosfield will set out on his tour. Going to Washington, he will be presented to President Coolidge and will visit the grave of the Unknown Soldier in Arlington cemetery and also the United States Naval Academy at Annapolis.

The tour will close with an official reception and other ceremonies at national headquarters of the Legion at Indianapolis, Indiana, on May 12 and 13. The party will then leave for New York and sail from that city for England on May 15.

**Change Your "Yard" into a Beautiful Lawn!**

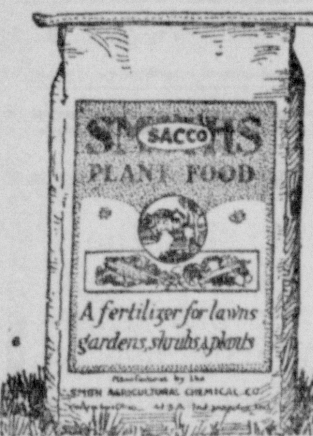

LOOK at your lawn. Is it getting the right start for a thick, velvety, luxuriant growth? Or does it give promise of appearing thin, sparse and half-starved when other lawns are at their best?

Grass will grow, in abundance—if your soil has the elements vital to plant life. You can aid nature by using Smiths SACCO, the Perfect Plant Food, on your lawns, gardens, shrubs, flowers, young trees and potted plants. SACCO supplies the missing soil elements and stimulates plant growth.

# ABSOLUTE SECURITY

The One Thing Above All Others That Every Depositor Wants  
and Every Real Banker Seeks to Provide

**T**HROUGHOUT the period of progress that marks the history of our community the banks have stood as barometers of financial ascendancy. Fortunate indeed are we who have at all times had institutions in which implicit confidence could be placed.

**The First National Bank of Circleville.**

has served in this community, always with the idea of better and more efficient service for its depositors and at all times standing for progress and promotion of the best interests of this community.

**Protection and Service**

are essential and are regarded as a sacred trust.

We protect your savings, your securities and your valuables. The First National Bank of Circleville has spared no expense in order that it might give to its depositors better protection and more efficient service.

Safety is paramount and for this reason we have recently installed

**A Complete Electric Burglar Alarm System**

thereby reducing to a minimum the chance of loss from this source either to our customers or to ourselves.

This system protects our entire vault against every kind of attack possible for burglars to make. It likewise provides means of alarm in case of daylight holdup. We strive to give to our depositors

**Absolute Safety**

**"THE OUTWARD SIGN OF INWARD SECURITY"**

Let us show you what we have done  
to protect your valuables

## "McClintock" Burglar Alarm

**T**HIS system has been installed, during the past 20 years by Banks and Trust Companies, in Federal Reserve Banks, Sub-Treasuries and Federal Buildings. It is one of the most complete systems put out, and during the past twenty years not one of the thousands of these in operation has ever failed to do its duty; although burglars have attempted in every conceivable way to defeat it, they have never got beyond their first attempts.

The system is so complete that no one part of the vault or doors has a single form of protection, the protection on all parts being either duplicate or triplicate, both the open and closed circuits being used, so that any attempt to cut cables or wires, drill through the vault linings or doors, or the use of the oxy-acetylene flame, would immediately turn in an alarm.

The system has its own electrical energy, not depending on any outside source. This electrical energy is installed inside the vault, as is everything else connected with the system, except the big alarm gongs.

The system has proved so successful that it has become recognized by all vault engineers, bank architects, underwriters and bankers themselves, as the only real protection against burglary and is highly recommended by all States, and the National Bankers' Association.

### Steak Balls.

Take a pound and a half of top round steak and with a small piece of suet, put it through the meat chopper twice. Place it on a dish and dust it with pepper and salt. Cut a good sized lump of butter over it, then very lightly with the tips of the fingers shape it into pats and place in a hot, buttered, shallow pan and set them in a brisk oven. Cook until cooked through, then lift onto a hot platter and add cream and a little more seasoning and a dredging of flour to the dish gravy and turn it over the pats.

## SHARK AND DEVIL FISH INVADE SWIMMING POOL

Washington, April 26.—Swimming in the officers' pool at the Coco Solo naval air station, Canal Zone, has its moments of excitement, according to a report received today at the navy department.

A rock wall, submerged at high tide, let in a barracuda early this month. He was routed with a dynamite depth bomb, but the bomb killed a lot of small fish, which attracted the next visitor, a six-foot shark. Bombs and rifle bullets finally routed him out, but the report adds that the following morning a devil fish was cleared from the pool, his tentacles measuring about two feet.

## IN MEMORIAM

Editor Union-Herald:—Ethel Elizabeth, youngest daughter of William and Mollie Puckett McGath, was born near Kiousville, Ohio, April 26, 1925 and departed this life near Five Points April 25, 1926.

Ethel was a bright and affectionate child until measles entered the home and pneumonia developed ending the short life of their little loved one.

God plucked the fair bud of earth to be with him in heaven. May the parents be comforted because God has said, "Of such is the kingdom of heaven." They will miss their little darling from their home, but may the thoughts of their child in heaven lead them to look to God for consolation and a firm desire to make heaven their eternal home.

Little Ethel leaves father and mother, five sisters; Laura, Hattie, Ruth, Urcel and Dorothy and two brothers, Richard and Bryan, grandfather and grandmother Puckett and a host of relatives and friends.

Funeral services were held at the home Tuesday forenoon at 10 o'clock conducted by Rev. E. E. Fowler. Interment in Pleasant cemetery, Mt. Sterling.

### Card of Thanks.

We wish to thank our friends, relatives and neighbors for their kindness shown us during the sickness and after the death of our dear one, also to Rev. Fowler for his comforting words and Mr. and Mrs. Snyder for their service and for the floral offerings.

### Red Flag Ousts Union Jack in London Borough

London.—Bermondsey, a London borough, largely inhabited by working people, has decided to fly the Red flag over its town hall instead of the Union Jack, thus following the example of its sister borough, Battersea. The town councilors, most of whom belong to the Labor party, have decided that the new Red flag will show the arms of the borough in the upper left-hand quarter.

J. A. W. Douglas, secretary of the council, said no disrespect was intended toward the Union Jack. There is a growing tendency for boroughs to fly their own flags, and as the old Union Jack was worn out, Bermondsey decided to buy a new Red flag.

### French Woman Traverses Africa in Motor Truck

Louise Delingette, a Frenchwoman, accompanied by her husband, has just completed a successful automobile trip across Africa. Using a six-wheeled motor truck, especially built for exploration in a roadless country, it took eight months to complete the long series of marches from the Mediterranean to the cape. In all a distance of 23,000 kilometers was covered—six times the distance from New York to San Francisco. The picture shows the expedition in one of its camps.

### HIGHER COURT SUSTAINS THE COMMISSION

Logan Gas Company Cannot  
Ask Second Increase While  
First One is Pending.

Columbus, O., April 28, (UP)—The state supreme court has sustained the action of the public utilities commission in suspending the second proposed rate increase of the Logan Gas company. The increase would effect 77 towns and villages.

The court's decree made public today instead of an May 4, as scheduled held the gas company's only recourse is a writ of error which automatically would bring the case into the supreme court for hearing.

The commission suspended the proposed rate schedule several weeks ago basing its action on the contention that the schedule was invalid inasmuch as the company's application for a prior increase had neither been approved nor rejected.

The company had demanded a writ of mandamus to compel the commission to reinstate the schedule.

It was not known today whether the company will attempt to re-establish the case, as suggested by the supreme court.

### MOST WORTHY INSTITUTION IS HOSPITAL

Judge Brown Makes Forceful Address Before the Chamber of Commerce.

An address on the Home and Hospital was made by Judge E. A. Brown before the chamber of commerce Tuesday evening, in which he made a plea for more liberal donations to this worthy institution.

He said in part: The Home and Hospital was founded in 1894 as a home for aged people and is non-sectarian.

The officers of the institution are: President, Mrs. J. R. Noecker; vice president, Mrs. John S. Neff; secretary, Miss Sadie Brunner; treasurer, Mrs. Ida L. Rife.

Trustees, S. W. Dunlap, Rev. O. L. Ferguson and Ida L. Rife.

Managing board, Mrs. J. R. Noecker, Mrs. J. S. Neff, Miss Sadie Brunner, Mrs. Ida L. Rife, Mr. and Mrs. S. W. Dunlap, Mrs. M. H. Lowe, Mrs. Will Marion, Mrs. Charles Nauman, Mrs. Charles W. Imbler, Mrs. E. S. Neuding, Mrs. Noah Weaver, Miss Florence Hoffman, Rev. O. L. Ferguson, and Mr. and Mrs. Harry Heffner.

At present there are fourteen inmates, two of whom are blind. The institution has four employees and money paid out for salaries \$1,644. The home is not run for profit and if it were not for liberal donations on the part of citizens, it would have to close its doors. In 1923 the receipts were \$2,498.24; expenditures \$3,665.44 in 1924 the receipts were \$2,957.92; expenditures \$2,164.31; in 1925 the receipts were \$2,591.94; expenditures including installing of a new furnace \$4,457.37.

Pickaway county patients are charged \$575 to enter, outside of the county, \$675. Patients are taken from any community, city or state.

Each church in the city has furnished rooms in the institution and so both have the Rotary club and American Legion. The water, phone and ice used at the home have been furnished free by the utility companies. All board members donate time and labor without remuneration.

The physicians donate some of the services. The patients who are able pay \$10 a week. The place is a permanent home for the aged and there is no limit. The home is used as an emergency hospital and is frequently called upon to take care of people who have met with accidents both on the highways and railroads.

Some of the patients have been in the hospital twenty years.

Among the largest donors are the W. C. T. U. and the churches. Donations have been made to the home by the following named persons who stipulated that only the interest shall be used for the maintenance of the home; Mrs. Dorothy Turney, \$1,000; Harness Renick \$1,500 and W. E. Renick \$3,000. The following bequests were made to the home; Mrs. Thomas Blackstone, \$300; Samuel Goodman \$1,000; Caddy Miller, \$1,000; Mrs. Elizabeth Sturgeon, \$200; Miss Caroline Bell, \$500; Mrs. Rose Morris \$500 and Mrs. Joseph Haines, \$2,500.

During the life of Mr. and Mrs. Henry R. Heffner, the institution received their sole attention and it was thru the interest they took, that the Home is open today. Both Mr. and Mrs. Samuel W. Dunlap have been angels to the old folks' home. They have given not only their time, but have given money liberally to the institution.

### Courtesy Indeed

And then, after a moment's thought, and with a twinkle in her eyes:  
"And how's your husband?"—Exchange.

## PORTLAND

**Cement Association Moves To Its New Home.**

The general offices of the Portland Cement Association, which for the past ten years have been in the Conway Building, 111 West Washington street, Chicago, have been moved to the Association's new building, Grand Avenue and Dearborn street, otherwise known as 33 West Grand Avenue. The entire building is occupied by the Portland Cement association and its research laboratory. For the past ten years the laboratory has been located in the Lewis Institute, Madison and Robey streets, and heretofore conducted co-operatively by the Institute and the Association.

The architects, Holabird & Roche, have produced a handsome five-story and two-basement building, resting on thirty concrete caissons carried down to firm bearing. This structure is regarded by engineers, architects and builders as representing the highest type of fire resistive construction and also as a worthy addition to the rapidly growing list of structures which typify the architectural possibilities of concrete.

The Turner Construction Co., of Chicago and New York, which was awarded the contract for this building, began excavation in August. The greater portion of the work was carried on during cold weather. The usual precautions of heating aggregates and protecting concrete from freezing were followed. Floor by floor, the building was enclosed with tarpaulins and heated with salamanders. As a matter of fact, winter temperatures were in no sense a handicap to the orderly and scheduled progress of the work.

## LOGAN GAS CO.

**Hearing For Increased Rates Set For May 4th.**

Columbus, April 26.—(UP.)—The Logan Gas Company's fight for increased rates in 77 towns and villages, will be resumed before the State Supreme Court on May 4, it was announced today.

On that date the court will be called upon to rule on the legality of the public utilities commission's action in permanently suspending one of the two new rate schedules filed by the company.

The commission's action was based on the contention that the second increase is invalid, inasmuch as the first increase has neither been approved nor rejected by the commission.

The gas company contends both increases should be allowed, basing its plea on the ground that it is entitled to a reasonable return on its investment.

The state's fight will be prosecuted by City Solicitor Grant E. Mouser, of Marion, in conjunction with solicitors of other cities and towns effected and with state's attorneys.

The court's decision probably will be withheld for some weeks, it was said.

### The Goat

A schoolboy's essay: "A goat is about as big as a sheep if the sheep is big enough. A female goat is called a buttress, a little goat is called a goatee. Goats are very useful for eating up things. A goat will eat up more things than any animal that ain't a goat. My father had a goat once. My father is an awful good man. Everything he says is so, even if it ain't so. That is all I know about the goats."

### Encouraged Denunciation

The Black Hole of France was the name given to a receptacle provided in the rear of the building in which the tribunal of the revolution sat. Any person could drop into a slot an anonymous accusation against another, which usually led to arrest and death. Trial in many cases was a farce.

## STOCK MARKET

New York, April 26.—(UP.)—The new week developed an irregular market with profit taking of considerable proportions in the industrials which advanced sharply during last week's rally while on the other hand the rails and utilities were in demand.

The result was a two sided affair with stocks like General Motors, Hudson, General Electric giving considerable ground. American Can, on the contrary, showed some rallying power. Rails, as a class, did better, particularly the high grade issues as well as some of those with margin possibilities. Utilities showed advancing tendencies.

## Economy in Headwear— STETSON HATS

CONSIDERED from the standpoint of the length of time you wear it, a Stetson is the cheapest hat you can buy. The smart style is an added attraction that costs you nothing, but it's a big factor in hat-satisfaction—an unbecoming style looks better on the shelf.

Our Stetson styles for this season will not stay here very long,—they will go out quickly on the heads of satisfied wearers.

## CADDY MILLER'S HAT SHOP

What will you have to show in future years for today's shopping dollars?

A JEWELRY PURCHASE IS AN INVESTMENT IN PERMANENT VALUES

THE old copy-books of our school days declared that you can't eat your cake and have it.

Which is another way of saying that you can't spend your money, and keep it too!

But the copy-book editors overlooked the money spent at the jewelry store.

On the typical purchase from the jeweler, you draw an income of pleasure and satisfaction, year after year, while still retaining much of

the principal, in easily convertible value.

For the shopping dollars entrusted to the jeweler are not spent, but invested, in a permanent addition to your estate.

Value-wise shoppers today think twice before they barter their purses for short-lived baubles. For they know that even for the modest pocket book the jeweler's stock is rich in articles, both of utility and adornment, that will last through a lifetime.

Building up a line of jewelry means building up a heritage for the decades; quick asset possessions that are a tangible and enduring evidence of one's success and achievement.

"The Bank That Makes You Feel At Home."

FLOOD IN HUDSON

River Valley Is Doing Great Damage.

Albany, N. Y., April 26.—(UP.)—Flooded by melting snows in the Adirondacks, the upper Hudson today was overflowing its banks and flooding basements and storehouses along the river front in this city and Troy.

At noon Quay street, which parallels the river here and is one block distant from the bank was 19 inches under water and warning was issued by the weather bureau that the river would rise steadily this afternoon.

It was believed that the crest of the flood will be reached here this evening.

At Dannemora, the Delaware & Hudson tracks were washed out by the Saranac river, which rose to its highest level in 38 years over the week-end.

## Vitamin

A fifth vitamin has just been discovered, but, it is announced, since the diet of the human includes a large proportion of the foods that contain it, the discovery has little bearing on the eating habits of people. The average person, however, can welcome vitamin E with the same enthusiasm that he received A, B, C and D.

## Boozsop's Fables

There was once a beautiful maiden who tended an apple cart in the streets of New York. It so happened that one day, in passing, a fine gentleman, seeing the beauty of maid and apples, stopped to inquire the price. "You may send a basket to my apartment," he said, "provided, of course, that you know they are good, and that you deliver them yourself." Did he get the basket? No. She knew her apples.—Boston Herald.

AMUSEMENTS

"Mike" a Metro-Goldwyn-Mayer picture directed by Marshall Neilan, which will be shown at the Met theater on Wednesday for three days, is described as one of the best and most amusing pictures that director has yet turned out in a long career of notable successes. This seems reasonable to assume as the story itself is Neilan's own.

Metro-Goldwyn-Mayer has given this talented director another outstanding cast. Sally O'Neill, a wonderful newcomer; Charlie Murray, Ford Sterling, Muriel Francis Dana, Frankie Darro, Junior Coghlan, William Haines, Sam de Grasse, Ned Sparks and other well known players appear in the picture. Miss O'Neill, who plays the title role, makes her screen debut in "Mike." She is Neilan's latest discovery and he states that she will develop into a star in a surprisingly short time.

"Mike" is pure entertainment. It abounds in comedy—of the sort that Neilan is noted for. It has a charming love story and there are many moments of intense excitement culminating in breath-taking thrills. But its chief quality is its humor, which runs from subtle wit to broad comedy.

The story deals with the life of the family of a section boss whose division is that part of a transcontinental railroad that crosses the desert. The home of the group is an ingeniously appointed box car.

The double ring ceremony was performed by Rev. E. A. Tovey. Mr. and Mrs. Fred Weidinger were the only witnesses.

The juniors of Muhlenberg township high school gave the seniors a banquet at the home of Miss Violet Ginder April 22. The evening was spent in games and contest, two prizes being won by Maxwell Alexander, the principal of the schools and the other was awarded to Arthur Beatty. Fruit salad, sandwiches, pickles, brick ice cream, cake, coffee and mints were served to the following: Mary Clarit, Sarah Trump, Wilma List, Frank Clendenen, Glenn Rowe, Millard Siniff, Harold Clifton, Loring Hill, Harry Carpenter, Arthur Beatty, Lois Beatty, Doris Hott, Bernadine McPherson, Sheldon Pitt, Mr. and Mrs. D. W. Macklin, Mr. Alexander and

Miss Esther Bishop, Violet Ginder, Dr. and Mrs. F. E. Ginder. Toasts were made by Mr. Macklin, Mary Clark, Dr. Ginder, Mr. Alexander and Miss Bishop. The home was decorated in the senior class colors, old rose and silver.

In the "Good Old Days"

In the days of female prize fights, an English woman was reported to have flogged her Jewish opponent 70 times, and after an hour and twenty minutes of fighting was declared the conqueror.

Keeping your own welfare constantly in mind is a wise thing to do, and nobody is ever going to blame you for doing it either. Plan out your own future! Establish your own relations! Prepare yourself to grasp an opportunity or meet any emergency situation wherever encountered. A high credit standing with a strong financial institution, ready for quick usage when needed, is a mighty handy thing to help. City Loan borrowers daily tell us the same happy story. The City Loan system of making popular loans works equally well whether the purpose is to meet a sudden emergency or to make a profitable deal. You just can't beat a good credit with The City Loan.

BRITISH HERO OF WORLD WAR

Will Be Guest of Honor of The American Legion.

Toledo, April 27.—Arrangements for the reception of Lieutenant Colonel George R. Crosfield, British hero of the World war and now as president of Fidac the representative of 10,000,000 World war veterans in the nine principal Allied countries, upon his visit to Toledo on May 9 were announced here today by Paul Chapman, chairman of The American Legion committee on arrangements for the visit.

Colonel Crosfield's visit to Toledo occurs in connection with a tour which he is making to a number of the larger cities in the eastern and middle western sections of the United States. He is coming to the United States as the official guest of The American Legion, American member of Fidac, on invitation of National Commander John R. McQuigg.

Colonel Crosfield's party will land at New York on April 30, Mr. Chapman said. Following a round of entertainment in New York City, including a pilgrimage to the grave of former President Theodore Roosevelt and a visit to the United States Military Academy at West Point, Colonel Crosfield will set out on his tour. Going to Washington, he will be presented to President Coolidge and will visit the grave of the Unknown Soldier in Arlington cemetery and also the United States Naval Academy at Annapolis.

The tour will close with an official reception and other ceremonies at national headquarters of the Legion at Indianapolis, Indiana, on May 12 and 13. The party will then leave for New York and sail from that city for England on May 15.

# ABSOLUTE SECURITY

The One Thing Above All Others That Every Depositor Wants  
and Every Real Banker Seeks to Provide

**T**HROUGHOUT the period of progress that marks the history of our community the banks have stood as barometers of financial ascendancy. Fortunate indeed are we who have at all times had institutions in which implicit confidence could be placed.

**The First National Bank of Circleville.**

has served in this community, always with the idea of better and more efficient service for its depositors and at all times standing for progress and promotion of the best interests of this community.

**Protection and Service**

are essential and are regarded as a sacred trust.

We protect your savings, your securities and your valuables. The First National Bank of Circleville has spared no expense in order that it might give to its depositors better protection and more efficient service.

Safety is paramount and for this reason we have recently installed

**A Complete Electric Burglar Alarm System**

thereby reducing to a minimum the chance of loss from this source either to our customers or to ourselves.

This system protects our entire vault against every kind of attack possible for burglars to make. It likewise provides means of alarm in case of daylight holdup. We strive to give to our depositors

**Absolute Safety**

**"THE OUTWARD SIGN OF INWARD SECURITY"**

Let us show you what we have done  
to protect your valuables

## "McClintock" Burglar Alarm

**T**HIS system has been installed, during the past 20 years by Banks and Trust Companies, in Federal Reserve Banks, Sub-Treasuries and Federal Buildings. It is one of the most complete systems put out, and during the past twenty years not one of the thousands of these in operation has ever failed to do its duty; although burglars have attempted in every conceivable way to defeat it, they have never got beyond their first attempts.

The system is so complete that no one part of the vault or doors has a single form of protection, the protection on all parts being either duplicate or triplicate, both the open and closed circuits being used, so that any attempt to cut cables or wires, drill through the vault linings or doors, or the use of the oxy-acetylene flame, would immediately turn in an alarm.

The system has its own electrical energy, not depending on any outside source. This electrical energy is installed inside the vault, as is everything else connected with the system, except the big alarm gongs.

The system has proved so successful that it has become recognized by all vault engineers, bank architects, underwriters and bankers themselves, as the only real protection against burglary and is highly recommended by all States, and the National Bankers' Association.

**Come in and See for Yourself**

## The Two Strong Pillars On Which Our Business Rests

Our safe-deposit boxes provide for you a convenient place for your valuable papers, records and keepsakes. Here they are absolutely removed from any danger of robbery and fire.

**Private Coupon Booths for Your Convenience**

MEETING THE TESTS—and making a record we are proud of, this bank founded back in 1863, on a platform of safety for depositors money, service to the community, respect for confidences, helpfulness and courtesy, the FIRST NATIONAL BANK has added steadily to its list of customers and friends. Its modern methods of doing business safeguard its clients. As a member of the Federal Reserve System the books and records are subject to governmental supervision. It has striven to anticipate and meet every requirement of its customers and to assist in the development of this community.

### Steak Balls.

Take a pound and a half of top round steak and with a small piece of suet, put it through the meat chopper twice. Place it on a dish and dust it with pepper and salt. Cut a good sized lump of butter over it, then very lightly with the tips of the fingers shape it into pats and place in a hot, buttered, shallow pan and set them in a brisk oven. Cook until cooked through, then lift onto a hot platter and add cream and a little more seasoning and a dredging of flour to the dish gravy and turn it over the pats.

### Died at Her Home in Madison Township--Burial in the Forest Cemetery Friday.

Mrs. Eleanor Rebecca Millar, died at her home in Madison township, Wednesday morning at 12:30 o'clock. She had been ill two months.  
She was born in Madison township June 24, 1849, and was a daughter of John Benford and Catherine Ann Perill Moore. The deceased was married to George Reed Millar, October 9, 1872. Her husband died June 25, 1915. One daughter, Mrs. Josephine Millar Noecker, of Ashville, survives. Of her immediate family a brother and sister are living. They are; N. J. Moore, of Columbus and Mrs. Joseph Kemper, of Liberal, Kansas.  
The deceased was a member of the Madison township Presbyterian church.  
The funeral services will be held at her late home Friday afternoon at 1:30. Rev. F. J. Tufanvander, of Lithopolis, will officiate. Interment in Forest cemetery.

### SHARK AND DEVIL FISH INVADE SWIMMING POOL

Washington, April 26.—Swimming in the officers' pool at the Coco Solo, naval air station, Canal Zone, has its moments of excitement, according to a report received today at the navy department.

A rock wall, submerged at high tide, let in a barracuda early this month. He was routed with a dynamite depth bomb, but the bomb killed a lot of small fish, which attracted the next visitor, a six-foot shark. Bombs and rifle bullets finally routed him out, but the report adds that the following morning a devil fish was cleared from the pool, his tentacles measuring about two feet.

### No Chance for Argument

### IN MEMORIAM

Editor Union-Herald:—Ethel Elizabeth, youngest daughter of William and Mollie Puckett McGath, was born near Kiousville, Ohio, April 26, 1925 and departed this life near Five Points April 25, 1926.

Ethel was a bright and affectionate child until measles entered the home and pneumonia developed ending the short life of their little loved one.

God plucked the fair bud of earth to be with him in heaven. May the parents be comforted because God has said, "Of such is the kingdom of heaven." They will miss their little darling from their home, but may the thoughts of their child in heaven lead them to look to God for consolation and a firm desire to make heaven their eternal home.

Little Ethel leaves father and mother, five sisters; Laura, Hattie, Ruth, Urcel and Dorothy and two brothers, Richard and Bryan, grandfather and grandmother Puckett and a host of relatives and friends.

Funeral services were held at the home Tuesday forenoon at 10 o'clock conducted by Rev. E. E. Fowler. Interment in Pleasant cemetery, Mt. Sterling.

### Card of Thanks.

We wish to thank our friends, relatives and neighbors for their kindness shown us during the sickness and after the death of our dear one, also to Rev. Fowler for his comforting words and Mr. and Mrs. Snyder for their service and for the floral offerings.  
Mr. and Mrs. McGath and Family.

### Way to Foil Hunger

If we are industrious we shall never starve, for, as poor Richard says, at the working man's house hunger looks in but dares not enter.—Benjamin Franklin.

### NOTICE W. C. T. U.

The Circleville W. C. T. U. will meet Friday evening, April 30, at the home of Mrs. Abbie Gussman, East Franklin street. All members urged to come.

### NOTICE.

The meeting of the W. H. M. S., of the M. E. church which was to have been held at the home of Mrs. O. J. Towers Thursday afternoon at 2 o'clock, will be held in the church parlors instead, on account of sickness at the home. Please bring Lenten offering.
